Heart Weakness

The action of the heart de-pends upon the heart nerves and mus-cles. When from any cause they become weak or ex-hansied, and fail to furnish sufficient power, the heart flut-ters, paipitates, skips beats; and in its effort to keep up its work, causes pain and distress, such as smothering spells, short breath, fainting, pain around heart, arn and shoul-ders. The circulation is im-peded, and the entire system suffers from lack of nourish-ment.

liver oil, but no oil.

As a body builder and strength creater for old people, delicate children, weak, run-down persons, after sickness, and for Chronic Congas, Colds, Bronchitis and all throat and lung troubles, Vinol is nnexcelled.

No one wants an old-fashioned cod liver oil preparation or emul-sion after once tasting delicious Vinol. Try it. If it fails to beneliit we will return your money W. S. Lloyd, druggist, Mt. Ster ling, Ky.
